

Cat Gets Hit By Car

MEOWWWWWWWW

The night before January 24, a cat ran loose from itâ€™s home. He first ran to the woods, nobody could catch him. Later that evening the family went on a search for the poor kitty, they looked for hours in the cold weather. Then they watched the cat cross the road as a car came so fast and **hit** the cat.

The mom screamed **NOOOOOO**

They rushed over to the cat, to see if he was ok, he was not and they were very upset. They buried the poor kitty the next day.
